

**AgResults Tanzania Dairy Productivity Project
Competitor Request for Applications Transmittal Letter**

Date: January 6th, 2023

Dear Applicant:

On behalf of the **AgResults Tanzania Dairy Productivity Project** (the “Project”), the Project Manager (PM) Land O’Lakes Venture37 invites your organization to participate in up to two prize mechanisms (1) an input bundle-based prize competition (“Input Bundle Competition” or “Competition”) and/or (2) a fodder prize incentive (“Fodder Incentive” or “Incentive”) through which the Project aims to test Pay-for-Results mechanism approaches to scaling up innovative technologies, tools, and approaches to increase dairy productivity by using improved inputs. Participants of the Competition (each a “Competitor” and collectively “Competitors”) and the Incentive (each a “Producer” and collectively the “Producers”) can work independently of each other or in conjunction with each other, since the Competition and Incentive are different prize mechanisms. The Project will take place in the coastal region of Tanzania, and specifically the regions of Dar es Salaam, Pwani, Tanga, and Morogoro (excluding Kilombero and Ulanga districts).

Land O’Lakes Venture37 is calling for applications from potential Competitors who are established entities from the private, parastatal, and non-profit sectors to participate in the project for sales period 4. Competitors already engaged in previous sales period are required to re-apply as well.

Land O’Lakes Venture37 is also calling for applications from primary fodder producers from the private, parastatal, and non-profit sectors to participate in a newly instated Fodder Incentive. The Fodder Incentive is solely for sales period 4 and aims to accelerate smallholder farmer’s uptake of the nutrition bundle by incentivizing supply-side production of dairy fodder. Entities interested participating in both the Incentive and the Competition are required to apply to each prize mechanism.

The below RFA outlines the Project background, objectives, and rules, and includes two application forms, one for the Competition and another for the Fodder Incentive. In submitting an application, your organization consents to the RFA terms, including the application procedures and instructions.

Please note the deadline for receipt of applications for the Competition, with all required signatures and certifications, is due no later than 1700 Hrs. EAT on **February 28, 2023**. *For the Competition, please indicate “Competitor RFA-AgResults Tanzania Dairy Productivity Project” in the subject line of the email or on the cover page.*

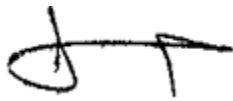

The deadline for receipt of applications for the Fodder Incentive, with all required signatures and certifications, is due no later than 1700 Hrs. EAT on **February 3, 2023**. *For the Fodder Incentive, please indicate “Producer RFA-AgResults Tanzania Dairy Productivity Project” in the subject line of the email or on the cover page.*

Application documents must be submitted by email to AgResultsTanzania@gmail.com or by postal address to: Land O’ Lakes Venture37, P.O Box 10517 Dar es Salaam, or hand delivered to Veterinary Complex, 131 Nelson Mandela Road, Dar es Salaam.

The Project management team will review applications according to the criteria described herein. The applicants whose applications meet the selection criteria will be invited to participate in the competition.

We encourage you to submit an application and join us for a chance to win prizes and contribute to the development of a dairy sector in Tanzania. Should you have any questions or comments please direct them to NMrema@landolakes.com. We appreciate your timely response to this RFA and look forward to cooperating with you on this important project.

Sincerely,

Neema Mrema
Project Manager Team Leader
AgResults Tanzania Dairy Productivity Project

ANNEX 5: A GUIDE TO UNLOCKING PRIZES		48

This is a Request for Applications (“RFA”) from qualified and eligible private sector and parastatal entities to participate in up to two prize mechanisms (1) an input bundle-based prize competition (“Input Bundle Competition” or “Competition”) and/or (2) a fodder prize incentive (“Fodder Incentive” or “Incentive”) within the AgResults Tanzania Dairy Productivity Challenge Project (the “Project”). The Project is a Pay-for-Results prize competition that incentivizes participants of the Competition (“Competitors”) and to sell “bundles” of productivity-increasing inputs to Smallholder Dairy Farmers (SHFs) and participants of the Incentive (“Producers”) to sell fodder to SHFs in the target regions and/or Competitors by offering monetary prizes.

This four-year Input Bundle Competition is designed to improve Smallholder Dairy Farmers’ (SHFs) access to productivity increasing inputs within the approved categories, including Vaccines, Parasite Control, Nutrition and Artificial insemination (AI). In addition to prizes for each eligible and approved input sold, bonuses are awarded to Competitors, for bundling inputs. To be eligible for prizes, Competitors must also provide advisory services to SHFs.

In the interest of promoting greater use and uptake of the Competition’s nutrition input bundles, the AgResults Tanzania Dairy Productivity Challenge Project was modified on December 20, 2022, to include an additional prize mechanism, the Fodder Incentive, that aims to bolster the supply of dairy fodder available for SHFs. This Incentive will only be implemented during sales period 4 and will award a per-unit monetary prize for the sale of dairy fodder to approved applicants that meet the minimum sale requirements set forth herein. Producers are not eligible for any bonuses and are not required to provide advisory services.

The Project will take place in the coastal region of Tanzania, and specifically the regions of Dar es Salaam, Pwani, Tanga, and Morogoro (excluding Kilombero and Ulanga districts).

1. AgResults Background

The AgResults Initiative (“AgResults”) is a US \$152 million multilateral initiative financed jointly by the governments of Australia, Canada, the United Kingdom, the United States, and the Bill & Melinda Gates Foundation (each, a “Contributor”) that uses Pay-for-Results prize competitions to incentivize, or “pull”, the private sector to overcome agricultural market barriers by investing in innovative research and delivery solutions that improve the lives of smallholder farmers. In doing so, AgResults goes beyond traditional “push”, or upfront grant funding by harnessing private sector competition and innovation in spurring sustained market improvement. AgResults launched their first initiative in Tanzania in the dairy sector called “AgResults Dairy Productivity Challenge Project”.

The objectives of AgResults are to:

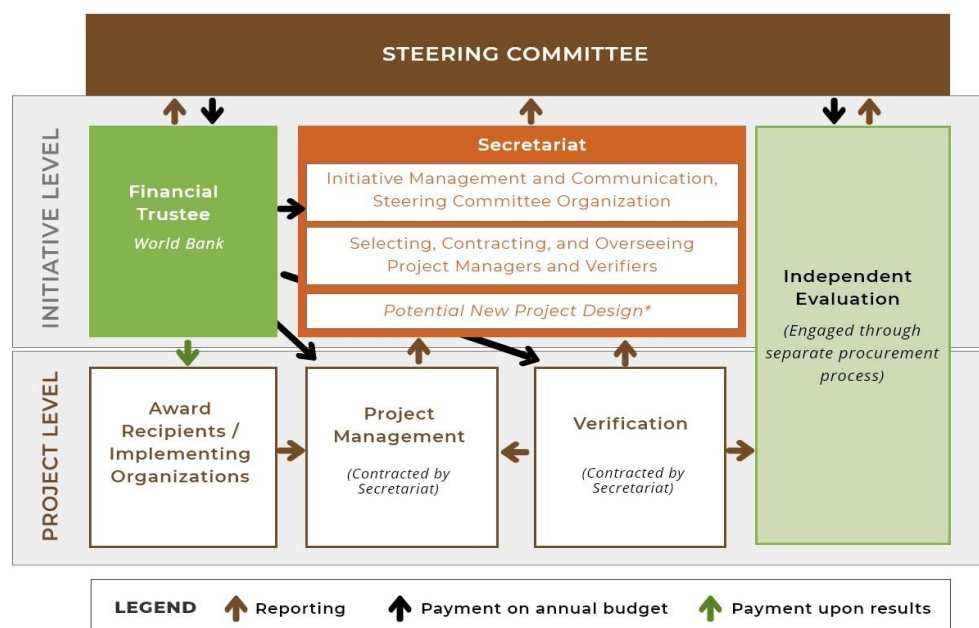

1. **Overcome market failures impeding agricultural innovations** by offering results-based economic incentives (known as Pay-for- Results mechanisms) to competing private actors for the adoption of new agricultural technologies; and to
2. **Test the effectiveness and efficiency of Pay-for-Results financing** in comparison with traditional approaches to the promotion and adoption of innovative agricultural technologies.

Several different bodies are involved in implementing AgResults:

- AgResults **Steering Committee**, comprising donor organization representatives and the Trustee, makes strategic decisions.

- The International Bank for Reconstruction and Development (IBRD, “The World Bank”) serves as the **Financial Trustee** of the AgResults initiative, manages Donor contributions in a trust fund, and manages disbursement of the prizes to the Competitors in accordance with the respective project terms, and contracts with the AgResults Secretariat and an Independent Evaluator.
- Deloitte Consulting is the current AgResults **Secretariat** and during its appointment is responsible for designing new projects as well as oversight, monitoring, and coordination of implementation of the approved AgResults projects.
- Land O’ Lakes Venture 37, manages the implementation of the Project (referred to as the “**Project Manager**”).
- **Competitors or Implementing Organizations** are organizations/companies that participate in the sales of input bundles and receive performance-based prizes if the results are achieved and verified.
- A **Sales Verifier** verifies, determines, and certifies for the Project Manager whether the competitors have achieved the reported sales, which is required before any prize payments can be disbursed.
- The Steering Committee has also contracted with **Abt Associates** to serve as an **Independent Evaluator** of certain AgResults projects to measure impacts and to compare AgResults projects to traditional “push mechanism” development approaches.

The relationship among these parties is illustrated below:

2. AgResults Dairy Productivity Challenge Project Objectives

The AgResults Dairy Productivity Challenge Project (the “Project”) aims to strengthen the ability of SHFs to increase dairy productivity to meet the growing demand for milk and dairy products in Tanzania. Specifically, the Project’s objectives are the following:

1. Increase the delivery and use of inputs and services to SHFs that drive dairy productivity.
2. Increase income from dairy production and dairy consumption among participating SHFs.
3. Formalize value chain relationships and production in the dairy sector.

To achieve these objectives, AgResults implements a prize mechanism to award per-unit monetary prizes to Tanzanian private sector Competitors that successfully sell “bundles” of productivity-increasing inputs to SHFs. Competitors will be required to propose specific solutions within each approved category of inputs, including parasite control, nutrition, vaccines, and artificial insemination. The Project is organized into sales periods. The Competitors will be eligible to receive a per-unit performance-based prize based on the type and volume of inputs they’ve sold to SHFs at the end of each sales period, in accordance with the terms and conditions of the Project.

For sales period 4, the Project is implementing a fodder incentive that will run in parallel with the existing input bundle prize competition. The objective of this Incentive is to encourage primary fodder producers to increase their production and sale of fodder, which is defined as hay, silage, and other dry matter used in the feeding of animals. Eligible fodder producers will receive a per-unit prize for the sale of fodder to smallholder farmers and/or competitors during sales period 4 which will be paid at the end of sales period 4, in accordance with the terms and conditions of the Project. The sales periods are as follows:

Sales Periods:

- Period 1 – July 17th, 2020 – April 16th, 2021
- Period 2 – June 1st, 2021 – February 28th, 2022
- Period 3 – June 1st, 2022 – February 28th, 2023
- Period 4 – June 1st, 2023 – February 28th, 2024

Input Bundle Competition Sales Requirements:

All sales of approved productivity increasing input bundles by the Competitors (as verified by the Sales Verifier) will be counted towards prize payment eligibility. The input sales must be combined with mandatory advisory services to the SHFs on how best to utilize the input and other relevant topics. Note that samples, giveaways, subsidized sales, and sales not directly sold to SHFs will not be counted towards prize payment eligibility. The amount of productivity increasing input bundles sold and advisory services provided will be verified throughout the sales period by the Project Sales Verifier.

For further information regarding input bundle details see section 3.3.2.1.

Fodder Incentive Sales Requirements:

All sales of approved fodder by the Producers (as verified by the Sales Verifier) will be counted towards prize payment eligibility. The Producers are not required to provide advisory services to SHFs or Competitors on how best to utilize the fodder. Note that samples, giveaways, subsidized sales, and sales not directly sold to either SHFs in the designated regions or Competitors will not be counted towards prize payment eligibility. The amount of fodder sold will be verified throughout sales period 4 by the Project Sales Verifier.

For further information regarding input bundle details see section 3.3.2.2.

3. Outline of the Project Rules for Competitors and Fodder Producers

3.1 Eligibility for Competitors and Fodder Producers

The application for the Input Bundle Competition and Fodder Incentive is open to all private sector organizations, with the exception of organizations with a conflict of interest as detailed below in section

3.5. Public sector entities (i.e., government-funded research institutions, universities, etc.) may apply, but only as co-applicants in partnership with a lead private sector business. Competitors and Producers are encouraged to form partnerships between private sector and public sector actors to leverage competencies. Further partnership details are outlined in section 4.6.

Input Bundle Competition applicants must:

- Currently sell or demonstrate the ability to sell inputs to dairy smallholder farmers related to parasite control, vaccinations, animal feed and/or artificial insemination, in the coastal region of Tanzania, specifically in Dar es Salaam, Pwani, Tanga and Morogoro (excluding the Kilombero and Ulanga districts.)
- Be in good standing with the government of Tanzania and will be required to produce documentation upon application that confirms the businesses validity (*including but not limited to tax ID number, valid registration and business license that indicates they can operate in the project areas.*)
- Demonstrate, at a minimum, a proper bookkeeping which includes record of sales, purchases, receipts, payments, and ledger books of inputs to track and report sales of eligible inputs

Fodder Incentive applicants must:

- Currently sell or demonstrate the ability to produce, sell, store, and/or transport dairy fodder to Competitors or dairy SHFs, in the coastal region of Tanzania, specifically in Dar es Salaam, Pwani, Tanga and Morogoro (excluding the Kilombero and Ulanga districts.)
- Be in good standing with the government of Tanzania and will be required to produce documentation upon application that confirms the businesses validity (*including but not limited to tax ID number, valid registration and business license that indicates they can operate in the project areas.*)
- Demonstrate, at a minimum, a proper bookkeeping which includes record of sales, purchases, receipts, payments, of fodder sales to track and report sales of eligible fodder.

Applicants to the Input Bundle Competition, once verified and selected, will be considered approved competitors (“Competitors”). Similarly, applicants to the Fodder Incentive, once verified and selected, will be considered, and approved (“Producers”). Any and all costs associated with Competitors’ and Producers’ participation in the Project will be solely borne by the Competitor and Producer.

3.2 Outline of the General Project Rules

3.2.1 Input Bundle Competitor Eligibility Criteria

Category	Competitor Eligibility Criteria
Competitor General Requirements	<p>AgResults will require interested competitors to submit or meet the following requirements for evidence:</p> <ul style="list-style-type: none"> • Registration certificate of Veterinary Council of Tanzania • Premise Registration Certificate • Technical personnel Certificates • Business License

	<ul style="list-style-type: none"> • Certificate of Business Registrations and Licencing Agency (BRELA) • Tax Identification Number (TIN) • Certificate of Extract from registrar of business and trading licences • Signed certificates of compliance with anti-corruption, conflict of interest and anti-terrorism practices. (See Annex 2) <p>Note: Submission of the requirements will depend on the nature of the business registration. Please contact the Program Manager if further clarification is needed.</p>
<p>Competitor Pre-Launch Requirements</p>	<p>Submission of the application should contain all information as follows:</p> <ul style="list-style-type: none"> • Competitors must provide a detailed description of how they will sell inputs and deliver advisory services to SHFs. • Competitors must clearly state their geographical reach. • Competitors must demonstrate the ability to sell inputs and provide advisory services to a minimum number of 200 SHFs, a SHF is defined as a farmer with 10 or fewer heads of cattle. • Competitors must be registered to provide dairy inputs in Tanzania especially in the project sites (Tanga, Morogoro, Pwani and Dar Es Salaam). • Competitors must provide a list of productivity increasing input bundles that are on the government approved list (see Annex 4) • Competitors should demonstrate how the applicant intends on ensuring equal participation among men and women. Special consideration will be given to on-farm advisory services or services that specifically attempt to reach women farmers. Applicants will include a gender inclusion plan in their application. <p>Competitors must provide complete and appropriate responses to all application questions (See Annex 1.2)</p>
<p>Post-Launch Requirements</p>	<ul style="list-style-type: none"> • Respond promptly to all information requests from AgResults Project Management Team, Secretariat, and Sales Verifier and the independent Evaluator. • Record all sales of input bundles and provided advisory services into the data collection and tracking system. • Monthly update meetings with the Project Manager for competition monitoring • Competitors will be required to abide by all applicable protocols and regulatory requirements set forth by AgResults and the Tanzanian government. • Disclose prize sharing agreements with farmers and other key stakeholders. • Report investments made to participate in the prize competition. • Must agree to use or adopt project bookkeeping requirements to facilitate sales tracking and audit systems. • Must showcase a gender inclusion plan within their application. • Must provide bank details including: <ul style="list-style-type: none"> ○ Account name

	<ul style="list-style-type: none"> ○ Account number ○ Bank name and branch (as well as business registration and bank address) ○ Iban/swift code <p>Note: submission of bank information is necessary if a prize is awarded. See section 3.3.2 for more information.</p>
<p>Authority to Select Competitors:</p> <p>The above criteria notwithstanding, the AgResults Secretariat, the Tanzania government, and Project Manager (PM), with advice from the Technical Advisory committee (TAC), retain the right to make the final decision on which competitors are selected to join the project. The applying organizations must adequately support their qualifications as appropriate or requested.</p>	

3.2.2 Fodder Producer Eligibility Criteria

Category	Producer Eligibility Criteria
Producer General Requirements	<p>AgResults will require interested fodder producers to submit and meet the following requirements for evidence:</p> <ul style="list-style-type: none"> ● Fodder Production permit/certificate ● Technical personnel Certificates - Range management/Animal Scientist ● Tax Identification Number (TIN) ● Signed certificates of compliance with Anti-Corruption, conflict of interest and anti-terrorism practices. (See Annex 2)
Producer Pre-Launch Requirements	<p>Submission of the application should contain all information as follows:</p> <ul style="list-style-type: none"> ● Fodder producers must provide a detailed description of how they will produce and sell fodder to SHFs and/or competitors. ● Fodder producers must demonstrate the ability to produce and sell a minimum of 100 tons of fodder during the sales period. ● Competitors must provide a list of fodder products that they intend to sell. ● The contact person for each applicant should be a permanent employee <p>Producers must provide complete and appropriate responses to all application questions (See Annex 1 or Annex 3)</p>
Post-Launch Requirements	<ul style="list-style-type: none"> ● Respond promptly to all information requests from AgResults Project Management Team, Secretariat, and Sales Verifier and the independent Evaluator. ● Record all sales of fodder into the data collection and tracking system. ● Monthly update meetings with the Project Manager for competition monitoring ● Producers will be required to abide by all applicable protocols and regulatory requirements set forth by AgResults and the Tanzanian government. ● Disclose prize sharing agreements with farmers and other key stakeholders. ● Report investments made to participate in the prize competition. ● Must agree to use or adopt project bookkeeping requirements to facilitate sales tracking and audit systems.

	<ul style="list-style-type: none"> • Must provide bank details including: <ul style="list-style-type: none"> ○ Account name ○ Account number ○ Bank name and branch (as well as business registration and bank address) ○ Iban/swift code <p>Note: submission of bank information is necessary if a prize is awarded. See section 3.3.2 for more information.</p>
<p>Authority to Select Producers: The above criteria notwithstanding, the AgResults Secretariat, the Tanzania government, and Project Manager (PM), with advice from the Technical Advisory committee (TAC), retain the right to make the final decision on which d fodder producers are selected to join the project. The applying organizations must adequately support their qualifications as appropriate or requested.</p>	

3.3 Project Rules

3.3.1 Input Bundle Competition and Fodder Incentive Phases

Input Bundle Competition

Applicants will apply and submit their intended input bundles each year. For the input bundle competition, once applicants have been verified, approved, and selected as a Competitor, they will be invited (but not compelled) to participate in every competition year (the “Competition Cycle”). Each Competition Cycle will be divided into the following stages:

i. Input Bundle Competition Application Period (January 4th – February 28th, 2023)

AgResults will accept applications for this Competition Cycle from January 4th, 2023 until February 28th, 2023, at 5:00 PM EAT (the “Application Period”). Potential Competitors will submit their applications through the designated email, postal or hand delivered before the end of the Application Period. Applications submitted after the Application Period are void and will be disposed of, but the Project Manager will reach out to these applicants the following application period. The opportunity for Q & A will be continuous until the end of application period. Each applicant will be given an opportunity to ask questions, clarification or any information that will help to successfully participate in the Competition. All Applicants will be required to submit a list of inputs that they will sell to farmers. Applications submitted after the deadline may not be considered.

ii. Selection Procedure (March 1st – 15th, 2023)

The Technical Advisory Committee (TAC) will evaluate the applications and determine the Applicant eligibility and select Competitors from amongst the Applicants, based on the following aspects that Applicants are required to demonstrate in the application:

- Inputs come from approved input categories (Parasite Control, Vaccines, Nutrition, AI) and bundles
- Proposed products and amounts are acceptable and prize eligible
- Proposed satisfactory advisory services
- Proposed bundles and advisory services encourage equal participation among men and women
- Proposed plan to reach more farmers including remote farmers with limited access to inputs and advisory services.

iii. Selection Approval and Announcement (March 21st – 31st, 2023)

The selected Applicants will be approved by Secretariat prior to final announcement of competitors. Following approval, successful and unsuccessful Competitors will be notified individually via contact information provided in their application form.

iv. Competitor and Producer Induction (Orientation, Training, and Verification Planning (April 1st May 30th, 2023)

The Competitors will be required to participate in a Competitor induction (competition orientation, training on the use of digital tracking system on reporting sales data, verification planning and how will be conducted), which will be held by the AgResults PM. During the induction, Competitors must commit to the AgResults Tanzania Dairy Productivity Challenge code of conduct (the “Code”). The date and location of the competitor induction will be provided through the applicant’s contact information.

v. Competitor Sales Period (9 months from June 1st, 2023 - February 28th, 2024)

The Competitor Sales period is the Competition period during which Competitors will sell bundled inputs to farmers and offer advisory services. Competitors may sell more than one variety of bundles of services from their approved inputs included in their application to account for varying farmer needs. The prize value depends on the input type and complexity of each bundle. To maximize the competition awards, the Competitor is advised to do the following:

- Maximize the sales of inputs of different types and bundles to existing farmers
- Recruit new farmers
- Sustain repeat customers through education about the productivity benefits of inputs provided

vi. Verification (July 1st, 2023 – May 15th, 2024)

A Sales Verifier will provide comprehensive verification of registered input sales through a combination of sales reporting data, sales record audits, mobile phone surveys and spot checks to verify each competitor’s sales and provision of services for a prize payment. Each input type will have an associated per-unit prize for the successful delivery to Smallholder Dairy Farmers. At the end of the sales period, the PM and Secretariat will calculate the total prize amount that each Competitor has earned based on the results of the sales audits conducted by the Sales Verifier.

*Specific to the AI bundle, the verification period to confirm pregnancies will extend up to 60-days after the close of the competition period for all AI services provided in the last 60 days of the Sales Period.

vii. Validation and Prizes Awarding (May 20th, 2024, – June 3rd, 2024)

Sales data will be validated by the Project Manager prior to award of prizes and after receiving the Verifier’s report on the Competitors’ total sales. Competitors will receive a prize for the verified amount of input bundles that meet the minimum sales requirements for each input (see Input Section below) and will be notified by official award letter through email, mail or hand delivered based on the contact details provided in the Competitor’s application form. All prize awards will be directly deposited into the bank account provided in the Competitor’s application form.

Fodder Incentive

Applicants will apply and submit their intended fodder products for sales period 4. Once applicants have been verified, approved, and selected as a Producer, they will be invited (but not compelled) to participate in sales period 4 competition. The sales period 4 competition will be divided into the following stages:

i. Fodder Incentive Application Period (January 4th – February 3rd, 2023)

AgResults will accept applications for sales period 4 from January 4th, 2023, until February 3rd, 2023 at 5:00 PM EAT (the “Application Period”). Potential Competitors will submit their applications through the designated email, postal or hand delivered before the end of the Application Period. Applications submitted after the Application Period are void and will be disposed of, but the Project Manager will reach out to these applicants the following application period. The opportunity for Q & A will be continuous until the end of application period. Each applicant will be given an opportunity to ask questions, clarification or any information that will help to successfully participate in the Competition. All Applicants will be required to submit a list of fodder products that they will sell to farmers and/or competitors. Applications submitted after the deadline may not be considered.

ii. Selection Procedure (February 6th – 10th, 2023)

The Project Manager and the Technical Advisory Committee (TAC) will evaluate the applications and determine the Applicant eligibility and select Producers from amongst the Applicants, based on the following aspects that Applicants are required to demonstrate in the application:

- Proposed type(s) fodder and amounts are acceptable and prize eligible
- Proposed fodder production, storage, and transportation details are acceptable
- Proposed production, storage, and transportation services are gender sensitive (at minimum will not disadvantage women).

iii. Selection Approval and Announcement (February 13th – 17th, 2023)

The selected Applicants will be approved by Secretariat prior to final announcement of Producers. Following approval, successful and unsuccessful Producers will be notified individually via contact information provided in their application form.

iv. Producer Induction Meeting (Orientation, Training, and Verification Planning (February 23rd – February 30th, 2023)

The Producers will be required to participate in a Producer induction (project orientation, training on the use of digital tracking system on reporting sales data, verification planning and how will be conducted), which will be held by the AgResults PM. During the induction, Producers must commit to the AgResults Tanzania Dairy Productivity Challenge code of conduct (the “Code”). The date and location of the Producer induction will be provided through the applicant’s contact information.

v. Competitor Induction (Orientation, Training, and Verification Planning (April 1st - May 30th, 2023)

The Producers are invited, but not required, to attend the Competitor induction (competition orientation, training on the use of digital tracking system on reporting sales data, verification planning and how will be conducted), which will be held by the AgResults PM. During the induction, Competitors must commit to the AgResults Tanzania Dairy Productivity Challenge code of conduct (the “Code”). The date and location of the competitor induction will be provided through the applicant’s contact information.

vi. Producer Sales Period (9 months from June 1st, 2023 - February 28th, 2024)

The Producer Sales period is the period during which Producers will sell fodder to SHFs and/or competitors in the designated areas. The prize value depends on the total amount of fodder sold.

vii. Verification (July 1st, 2023 – May 15th, 2024)

A Sales Verifier will provide comprehensive verification of registered input sales through a combination of sales reporting data, sales record audits, mobile phone surveys and spot checks to verify each Producer’s sales for a prize payment. At the end of the sales period, the PM and Secretariat will calculate the total prize amount that each Producer has earned based on the results of the sales audits conducted

by the Sales Verifier.

viii. Validation and Prizes Awarding (May 20th, 2024 – June 3rd, 2024)

Sales data will be validated by the Project Manager prior to award of prizes and after receiving the Verifier’s report on the Producer’s total sales. Producers will receive a prize for the verified amount of fodder that meet the minimum sales requirements and will be notified by official award letter through email, mail or hand delivered based on the contact details provided in the Producer’s application form. All prize awards will be directly deposited into the bank account provided in the Producer’s application form.

3.3.2 Allowable inputs, prize awards and bundling bonuses

Input Bundle Competition

To be eligible for a prize, Competitors must sell input bundles from the government approved list of allowable input submitted and approved by Technical Advisory Committee to sell to farmers (See Annex 3). Inputs must be of high quality and contribute to the increase in dairy productivity. To avoid reputational risk and ensure that farmers realize promised productivity gains, AgResults will not allow Competitors to deliver inputs that are not registered in Tanzania or deemed to be of low quality by the project’s Technical Advisory Committee. They must demonstrate that they have successfully provided advisory services or have a plan to begin providing advisory services.

i. Allowable Inputs

Competitors must sell the following inputs directly to SHFs to become eligible for a prize:

Artificial Insemination (AI) bundle: The AI bundle requires competitors to achieve 50% conception rate among the total number of cows across all smallholder farmers to whom they provided AI services. Repeat inseminations and the sale of both conventional and sexed semen is allowed. The conception rate will be calculated from the total number of cows inseminated by the competitor during the sales period divided by the total number of confirmed pregnancies. Conception is verified by the SHF via SMS.

In addition to the AI service, competitor must provide a complete supplement ration as follows:

- 12kg of urea molasses block per cow; or
- 100g of minerals; or
- 250kg of standard dairy meal

Competitors must provide extension services to SHFs that purchase the AI service and nutritional supplement.

Of importance, competitors must provide a complete supplement ration of either 12 kg of urea molasses block, 100g of minerals or 250kg of standard dairy meal in addition to the AI services in order to unlock the incentive.

Nutrition bundle: The nutrition bundle requires the competitor to sell to SHFs a combination of hay/fodder and a supplement (mineral, urea molasses block, or standard dairy meal). Fodder/hay must be sourced from a government certified farm or source. More specifically, to be eligible for this prize a Competitor must:

- Sell 470kg of hay/fodder plus 12kg of urea molasses block per cow; or
- Sell 470kg of hay/fodder plus 100g of minerals; or
- Sell 450kg of hay/fodder plus a minimum of 250kg of standard dairy meal per cow.

Competitors must provide extension services to SHFs that purchase the nutrition bundle.

Parasite control bundle: The parasite control bundle requires competitors to sell a year’s worth of parasite control for a single cow. This includes the sale of 400ml of Acaricides plus an Anthelmintic which can be injectables, drenchables, or a bolus. To be eligible for a prize competitor must:

- Sell 400 mls of acaricides plus Anthelmintic 16cc of injectables or
- Sell 400 mls of acaricides plus Anthelmintic 80cc of drenchables or
- Sell 400 mls of acaricides plus Anthelmintic 3 boluses (3,600mg)

Competitors must provide extension services to SHFs that purchase the parasite control bundle.

Vaccine bundle: Competitors must sell a minimum of 2 vaccines from the AgResults-approved vaccine list for: lumpy-skin, East Coast fever (ECF), CBPP, Brucellosis, RVF, Blackleg or Anthrax. Blanthrax, a combined vaccine which addresses two diseases does meet the 2-vaccine requirement. Competitors must provide extension services to SHFs that purchase the vaccine bundle.

ii. Prize Amounts and Bundles

Competitors will be awarded prizes depending upon the sales period and for the following categories of inputs: parasite control, nutrition, vaccines, and artificial insemination. The table below outlines the prize amount to be awarded for each input type in sales periods one through four.

Table 1: Individual Prize Amounts by Input

Input Type	Inputs Provided	Prize per Input Sales Period 1-2	Prize per Input Sales Period 3	Prize per Input Sales Period 4
Parasite Control	Acaricides, Anthelmintic	\$6	\$4	\$3
Nutrition	Fodder/Hay requirement + Minerals	\$27	\$20	\$13
Vaccines	Min. of 2 Vaccines (estimate includes ECF)	\$5	\$3	\$2
Artificial Insemination	AI (w/ conception rate of 50%)	\$22	\$17	\$10

A Competitor can provide one or multiple input bundle types to a minimum of 200 smallholder farmers to be eligible for a prize. The prize a competitor receives is a function of the input types, how those inputs are bundled, and the number of total bundles a competitor sells.

Competitors are encouraged to bundle different input types and when successful are eligible for Bundle Bonuses. Table 2 (below) outlines the percent bonus received for sale of input bundles as well as a breakdown of prize amounts per bundle size and type of inputs sold for the second sales period. Table 3 outlines how the full prize amounts are calculated. All prospective applicants are highly encouraged to review **Annex 5: A Guide to Unlocking Prizes** for further detail.

Competitors should vary their bundles to tailor to farmer needs. Competitors can offer any of the below eleven (11) bundle combinations to farmers and may offer more than one in any competition. Bundles must be pre-approved by the Technical Advisory Committee at the beginning of each Sales Period.

Table 2: Bonus Prize Schedule

Number of Inputs Per Bundle	1 Prize amounts for each individual input bundle	<table border="1"> <thead> <tr> <th>Input Type</th> <th>Parasite Control</th> <th>Nutrition</th> <th>Vaccines</th> <th>AI*</th> </tr> </thead> <tbody> <tr> <td>Award per complete bundle</td> <td>\$3</td> <td>\$13</td> <td>\$2</td> <td>\$10</td> </tr> </tbody> </table>	Input Type	Parasite Control	Nutrition	Vaccines	AI*	Award per complete bundle	\$3	\$13	\$2	\$10			
	Input Type	Parasite Control	Nutrition	Vaccines	AI*										
	Award per complete bundle	\$3	\$13	\$2	\$10										
	2 Prize amounts for each 2-input bundle plus a 20% prize bonus	<table border="1"> <thead> <tr> <th>Input Type</th> <th>Parasite Control & Nutrition</th> <th>Parasite Control & Vaccines</th> <th>Vaccines & Nutrition</th> <th>Nutrition & AI</th> <th>Vaccines & AI</th> <th>Parasite Control & AI</th> </tr> </thead> <tbody> <tr> <td>Award per complete bundle</td> <td>\$19</td> <td>\$6</td> <td>\$18</td> <td>\$28</td> <td>\$14</td> <td>\$16</td> </tr> </tbody> </table>	Input Type	Parasite Control & Nutrition	Parasite Control & Vaccines	Vaccines & Nutrition	Nutrition & AI	Vaccines & AI	Parasite Control & AI	Award per complete bundle	\$19	\$6	\$18	\$28	\$14
Input Type	Parasite Control & Nutrition	Parasite Control & Vaccines	Vaccines & Nutrition	Nutrition & AI	Vaccines & AI	Parasite Control & AI									
Award per complete bundle	\$19	\$6	\$18	\$28	\$14	\$16									
3 Prize amounts for each 3-input bundle plus a 40% prize bonus	<table border="1"> <thead> <tr> <th>Input Type</th> <th>Parasite Control, Nutrition & Vaccines</th> <th>Vaccines, Nutrition & AI</th> <th>Parasite Control, Nutrition & AI</th> <th>Parasite Control, Vaccines & AI</th> </tr> </thead> <tbody> <tr> <td>Award per complete bundle</td> <td>\$21</td> <td>\$35</td> <td>\$36</td> <td>\$20</td> </tr> </tbody> </table>	Input Type	Parasite Control, Nutrition & Vaccines	Vaccines, Nutrition & AI	Parasite Control, Nutrition & AI	Parasite Control, Vaccines & AI	Award per complete bundle	\$21	\$35	\$36	\$20				
Input Type	Parasite Control, Nutrition & Vaccines	Vaccines, Nutrition & AI	Parasite Control, Nutrition & AI	Parasite Control, Vaccines & AI											
Award per complete bundle	\$21	\$35	\$36	\$20											
4 Prize amounts for a 4-input bundle plus a 60% prize bonus	<table border="1"> <thead> <tr> <th>Input Type</th> <th>Parasite Control, Nutrition, Vaccines & AI</th> </tr> </thead> <tbody> <tr> <td>Award per complete bundle</td> <td>\$45</td> </tr> </tbody> </table>	Input Type	Parasite Control, Nutrition, Vaccines & AI	Award per complete bundle	\$45										
Input Type	Parasite Control, Nutrition, Vaccines & AI														
Award per complete bundle	\$45														

*AI is only eligible for a prize if combined with a complete supplement ration. To receive a 2-bundle bonus it would need to be sold with another complete input bundle (nutrition, parasite control, or vaccines).

Table 3: Input Bundle Calculations

# of Inputs Sold	Base Award	Bonus	Total Prize per Competitor
1	Input Prize	--	= Base Award * # of Sales
2	Input #1 Prize + Input #2 Prize	20%	= Base Award * (1+ Bonus) * # of Sales
3	Input #1 Prize + Input #2 Prize + Input #3 Prize	40%	= Base Award * (1+ Bonus) * # of Sales
4	Input #1 Prize + Input #2 Prize + Input #3 Prize + Input #4 Prize	60%	= Base Award * (1+ Bonus) * # of Sales

Fodder Incentive

The prize structure for the Fodder Incentive will run in conjunction with the input bundle prize structure. Fodder producers must sell, at a minimum, 100 metric tons of fodder to be eligible to receive a prize under the fodder incentive structure during sales period 4. If they meet this requirement, they will be eligible to receive \$21 USD per 470kg produced, sold, and paid for by SHF's or competitors in the designated Project regions. The fodder incentive is not eligible for any bundle bonuses.

The prize pool for the Fodder Incentive consists of \$223,404, meaning that a total of up to \$223,404 in prizes may be awarded to Producers during sales period 4. Although the Project has not set forth any limits on the prize amounts that each individual Producer may obtain; the Project Manager and Secretariat reserve the right to institute prize caps for individual Producers if they believe the total projected prize amounts will exceed \$223,404. In the event that the Project Manager and Secretariat implement prize caps for producers, all competitors will be notified of the caps in a timely manner.

3.3.3 Eligible Advisory Services

Input Bundle Competition

To be eligible for any of the above prize awards, Competitors must offer approved and verified advisory services. For each competition cycle, Competitors will be expected to submit a detailed explanation of proposed advisory services including methods and topics for approval by Technical Advisory Committee. On-farm advisory services and services that specifically attempt to reach women and remote farmers are strongly encouraged.

At a minimum, advisory services should include training on the inputs Competitors sell to farmers. In addition, AgResults expects that competitors should also provide information about additional topics in relation to input bundle(s) provided, which include:

- Udder health and hygiene (Nutrition, AI, and Vaccines bundles)
- Proper feeding and watering (Nutrition, AI, and Vaccine bundles)
- Waste management of manure (Nutrition bundle)
- Waste chemical disposal (Parasite Control bundle)

Competitors must indicate when they have provided advisory services by logging the service provided into the data capturing and tracking system (DCTS), which successful applicants will receive free access to upon entering the competition (See section 3.4 for more information on the DCTS system).

Fodder Incentive

Producers are not required to provide advisory services for the sale of fodder.

3.4 Project Results Verification

Input Bundle Competition

In addition, the Sales Verifier will use financial reports, bank statements, and data from the DCTS to track competitor sales of inputs to farmers. The Verifier will lead the input bundle sales verification/audits and coordinate randomized input bundle sales checks. The competitor will be required to report all input bundles sold and advisory services provided to each SHF in the tracking system, allowing the verifier to monitor the progress of a given competitor in delivering input bundles in real-time. The Verifier will confirm the submission of sales of bundled inputs and provision of advisory services with a combination of sales audits, mobile phone surveys linked to sales tracking system and spot checks of sales to farmer to trigger an award payment. On a rolling basis, the Verifier will track Competitor sales data, and each Competitor will receive prize award amounts based on the verified sales at the end of each sales period. The verification will employ the mechanisms listed below:

- **Input Bundle Sales Verification** confirms the sale of input bundles to farmers using the DCTS, which tracks farmer purchases in-real time.
- **Sales Audits** will be utilized as an additional layer of verification to ensure that SMS reported input sales data is accurate. This will utilize traditional sales audits to ensure that Competitor reported sales information is backed up by sales receipts and receipts of payments.
- **Spot Checks** are an additional level of verification to ensure that farmers have genuinely received the bundles that Competitors have sold in the necessary quantities to trigger prize awards. The Sales Verifier will conduct 'Mystery Shopper' visits to further verify if SHFs have received the input and advisory services provision reported by the Competitors.

***Note:** Using the digital sales tracking system, Competitors will indicate when they have provided advisory services and sold input bundles and an SMS will be sent to farmers for confirmation. Using spot checks, the verifier will follow-up in person with farmers to ensure that farmers have received adequate advisory service to minimize fraudulent sales reporting.*

Fodder Incentive

In addition, the Sales Verifier will use financial reports, bank statements, and data from the DCTS to track Producer sales of fodder to farmers and/or competitors. The Verifier will lead the fodder sales verification/audits and coordinate randomized fodder sales checks. The Producer will be required to report all fodder sold to each SHF and/or competitor in the tracking system, allowing the verifier to monitor the progress of a given Producer in delivering input bundles in real-time. The Verifier will confirm the submission of sales of fodder with a combination of sales audits, mobile phone surveys linked to sales tracking system and spot checks of sales to farmer and/or competitors to trigger an award payment. On a rolling basis, the Verifier will track Producer sales data, and each Producer will receive prize award

amounts based on the verified sales at the end of each sales period. The verification will employ the mechanisms listed below:

- **Fodder Sales Verification** confirms the sale of fodder to farmers using the DCTS, which tracks farmer purchases in-real time.
- **Sales Audits** will be utilized as an additional layer of verification to ensure that SMS reported fodder sales data is accurate. This will utilize traditional sales audits to ensure that the Producer reported sales information is backed up by sales receipts and receipt of payments.
- **Spot Checks** are an additional level of verification to ensure that farmers and/or competitors have genuinely received the fodder that the Producer has sold. The Sales Verifier will conduct 'Mystery Shopper' visits to further verify if SHFs and/or competitors have received the fodder provision reported by the Producer.

3.4.1 Prize Award Process

At the end of each sales period, within approximately 90-120 days after close of the sales period, the Verifier will finalize and submit the full sales verification report of (1) input sales and advisory services for Competitors and (2) fodder for Producers to the Project Manager and the Secretariat for review and approval. Upon approval by the Secretariat, the Project Manager will notify the Competitors and Producers verified as prize winners in accordance with their results, as verified by the Verifier. Winners and all participating Competitors and Producers will be invited to a formal Prize Award ceremony in Dar es Salaam at the end of the sales period. Prize will be transferred to the winning Competitor's and Producer's registered bank account. Payment of any prize is subject to the Competitor's and Producer's compliance with the Project competition rules, as set forth in the agreement signed by the Competitors and Producers selected to participate in the Project.

Any applicable taxes that may be levied in connection with any prize award in any jurisdiction will be the responsibility of the Competitors and Producers.

3.5 Conflict of Interest

AgResults Secretariat, Project Manager, Sales Verifier, members of the Technical Advisory Committee, or Independent Evaluator, and their respective personnel, affiliates, and immediate family members, (collectively, the "competitors") are not eligible to participate in the input bundle competition or fodder incentive without prior written approval of the AgResults Steering Committee. None of the above-mentioned entities/personnel are eligible to provide competition-related technical support or consultancy to Competitors or Producer applicants and selected Competitors or Producers. The Competitors and Producers shall immediately disclose to the Project Manager in writing any potential conflict of interests in connection with their participation in the Project.

All current or potential conflict of interests will be evaluated by the Project Manager and the Secretariat to determine applicant eligibility. Applicants shall immediately disclose to the Project Manager in writing any current or potential conflict of interest with respect to their participation in the Project. Failure to do so could result in rejection of applications or early termination of contracts.

3.6 Fraud Management

The Competitor and Producer acknowledges that AgResults reserves the right to deny or remove any Competitor or Producer from the Competition or Incentive with reasonable evidence of non-adherence to Project Rules, substantiated complaints related to the Project including unallowable, counterfeit or otherwise low quality and/or expired inputs or invalidated business registration or other concerns raised by The Technical Advisory Committee.

Situations which may warrant a case for fraud will include (but are not limited to) the following:

- Forgery of any documents required for eligibility and participation in the Competition or Incentive
- Lack of Authority and Consent from applicable persons required for execution of any documents required for entry into and participation in the Competition or Incentive
- Bribery or coercion including any promises of future gifts, jobs, advantage, or recommendations of any kind
- Irregularities in sales
- Technical Advisory Committee concerns upon review
- Allegations of tampering with the digital sales tracking systems
- Unfair reporting and defamation of fellow Competitors or Producers

Allegations of fraud may warrant a disciplinary hearing, which will result in either:

1. A warning,
2. Suspension from the Competition or Incentive for one (1) year, or
3. Exclusion from any subsequent Competitions, Incentives, or Projects

3.7 Dispute Resolutions Mechanism

An informal Project dispute mechanism as specified below will be put in place and is intended to provide Competitors and Producers with a process in which to report and resolve possible adverse or unfair practices or to dispute findings. The Project Manager is responsible for facilitating the dispute mechanism process, with oversight from the AgResults Secretariat, except in the case when the Project Manager is a part of the dispute, which in such case the AgResults Secretariat will be responsible for facilitating the dispute mechanism process.

1. If a Competitor or Producer has evidence or believes that another Competitor or Producer is behaving in a way that contradicts the rules of the Project, or if the Competitor or Producer disagrees with findings of the verification process, the Competitor or Producer should:
 - Submit an email to the Project Manager at AgResultsTanzania@gmail.com;
 - Detail in writing what is being challenged and submit documentary evidence, if any, to support their claim.
2. If the Competitor or Producer has evidence or believes that the Project Manager is behaving in a way that contradicts the rules of the Project; the Competitor or Producer can:
 - Submit an email to the AgResults Secretariat info@agresults.org;
 - Detail in writing the possible issue. The email should list the practices they believe are contradicting the rules, along with dates and any documentary evidence, if any.

Upon receipt of the information from the Competitor or Producer, the receiving party will acknowledge receipt and respond to the Competitor or Producer as soon as practical, about next steps. Any unresolved issues may be escalated for the decision to the Secretariat. The AgResults Secretariat's decision will be final and binding.

4. Competitor and Producer Application for Participation in the Project

4.1 Interested Organizations

Input Bundle Competitors

Eligible organizations interested in participating in the Project as Competitors must complete and submit to the Project Manager the Application Form attached hereto as Annex 1.1, as well as the Anticorruption Compliance Certification in Annex 2. A review panel consisting of the members of the Secretariat, the Project Manager, and technical input from the Technical Advisory Committee, the applications will be reviewed and followed by selection of competitor that will participate in the project. The selected organizations will be provided with a Project Agreement and code of conduct to review and sign before they participate in the project.

Fodder Producers

Eligible organizations interested in participating in the fodder incentive as Producers must complete and submit to the Project Manager the Application Form attached hereto as Annex 1.2, as well as the Anticorruption Compliance Certification in Annex 2. A review panel consisting of the members of the Secretariat, the Project Manager, and technical input from the Technical Advisory Committee, the applications will be reviewed and followed by selection of producer that will participate in the project. The selected organizations will be provided with a Project Agreement and code of conduct to review and sign before they participate in the project.

4.2 Cost of Participation

Applying organizations will bear all their costs associated with applying for and participation in the Project.

4.3 Confidentiality

Non-public information in the applications submitted by the interested organizations shall be marked as proprietary or confidential. Such information will be treated as confidential and may be only shared with the AgResults Secretariat, Project Manager (Land O' Lakes venture 37), the Technical Advisory Committee, and the AgResults Steering Committee.

4.4 Selection and Participation in the Project

The selection and number of Competitors or Producers selected for the participation in the Project is at the Secretariat's discretion, based on recommendation provided by the Project Manager in consultation with the Project Technical Advisory Committee. By submitting an application, the applicant agrees to be bound by the decisions of AgResults Secretariat about your eligibility to participate. The AgResults Secretariat reserves the right to select the organizations it determines, at its discretion, most appropriate for the Project.

Selected Competitors and Producers will be expected to sign a contractual agreement (Competitor Agreement) to confirm their participation in the Project and agreement with the project rules.

The Secretariat reserves the right to terminate participation of any selected Competitor or Producer if the

Secretariat, in its sole discretion, determines that the Competitor or Producer:

1. Does not meet the Project eligibility criteria
2. Has been involved in any activity that, in AgResults Secretariat's discretion, could affect the integrity of the Project; or
3. Has been non-compliant with the Project Agreement terms and failed to remedy its non-compliance when requested by the Project Manager or the Secretariat.

4.5 Reservation of Rights

This RFA does not commit the Project Manager or AgResults to award a prize to any applicant. The Project Manager reserves the right to cancel the Competitor's or Producer's participation in the selection process, the project, and/ or any prizes at any time if any fraud, collusion, or conflict of interest are found.

The Project Manager may require any applicant to participate in discussions related to application submission and to submit such technical or other revisions of their applications that may result from such discussions. The applicant expressly waives any and all rights and remedies under any civil action arising from or related to the submittal of an application.

The applicant agrees that nothing in this RFA grants the Competitor or Producer a right or license to use the name or any trademark or service mark of AgResults or any AgResults entities, including without limitation, of the Secretariat or the Project Manager, in any public material, advertisement, press release or in the media (including on the internet), without prior written approval.

4.6 Associations, Joint Ventures, or Consortiums for Project Purposes

Organizations may formally associate or form consortia or joint ventures for the purpose of participating in the Project as a Competitor or Producer. Competitors and Producers may only participate in the Project independently or in one association, joint venture, or consortium for the purposes of the Project and cannot concurrently apply as a member of other participating groups. The association, joint venture or consortium members shall designate a lead member who will be authorized to bind the association, joint venture or consortium and who shall submit the Competitor or Producer application on their behalf and together with duly signed and notarized authorization (submitted in hard copy) granted by all other members authorizing the lead organization to represent them in all matters related to the Project, including signature of the Competitor Agreement and receipt of any prize. The named lead member will be the sole point of contact with respect to any communications or actions by or concerning AgResults entities, including the Project Manager, Secretariat, Steering Committee, Trustee and Verifier organization(s). The composition or the constitution of the association, joint venture, or consortium shall not be altered without the prior consent of the AgResults Secretariat. Any legal services or fees involved in partnerships or litigation will be solely the responsibility of the Applicant Partners/Competition Partners involved.

5. Project Agreement Terms and Conditions

Once selected to participate in the Project and upon signing the Project Agreement, the Competitor or Producer will be obligated to abide by, among other terms, the following Terms and Conditions, which will be reflected in the Project Agreement ("Agreement", as referenced below).

5.1 Ownership Change

The Competitor or Producer agrees to notify the Project Manager of any change in control of their organization within ten (10) days of such change. For the purpose of this provision, "control" means (a) the legal or beneficial ownership of the organization, including without limitation, as a result of acquisition, merger or sale; or (b) the power to direct or cause the direction of the management and policies of an entity, whether through the ownership of voting securities, through membership, by contract or otherwise.

5.2 Audit Rights

The Competitor or Producer shall maintain, during the term of the Competitor Agreement and for three years after its termination or expiration, complete records of all data supporting the reported project results, and shall make such records available to AgResults Project Manager, the Secretariat, or any of their representatives or agents for review and audit upon request.

5.3 Compliance with Applicable Laws

The Competitor or Producer must ensure compliance with any and all applicable laws and regulations in connection with their Project activities. This requirement includes, without limitation, the Competitor's or Producer's obligation to comply with Tanzanian laws concerning the policies and practices of the Convention on the Rights of the Child ("Convention"), including the Child Right's Act of 2016. The Competitor or Producer agree not to use AgResults funds in any practice inconsistent with the benefits set forth in the Convention or the Act.

5.4 Taxes

The Competitor or Producer will be solely responsible for paying any taxes or fees in accordance with the applicable laws due in connection with Competitors' or Producers' activities in connection with the Project and the receipt of any prizes.

5.5 Integrity and Prohibition of Terrorism Funding

The Competitor or Producer may not engage in any fraudulent, corrupt, collusive, deceptive, or other similarly unacceptable practices in connection with the Project. The Competitor or Producer must also ensure that no funds received from AgResults are used, directly or indirectly, to provide support to individuals or entities associated with terrorism. The Competitor or Producer represents and warrants its compliance with the obligations in this paragraph, including compliance with the U.S. Foreign Corrupt Practices Act.

5.6 General Release

By entering the Project, the Competitor or Producer releases and discharges the Project Manager and each of the entities associated with AgResults (including, without limitation, the Secretariat, Verifier, Technical Advisory Committee, and the AgResults Steering Committee members) from any liability whatsoever in connection with the Competitors' or Producers' participation in the Project, including, without limitation, legal claims, costs, injuries, losses or damages, demands or actions of any kind (including, without limitation: personal injuries; death; damage to, loss or destruction of property; rights of publicity or privacy; and defamation or portrayal in a false light).

The Project Manager is not responsible for typographical, printing, or other inadvertent errors in these or in any materials relating to the Project.

Additionally, the Competitor or Producer agrees to indemnify the Project Manager and any entities associated with AgResults from any and all losses, damages, costs, expenses, rights, claims, demands and actions (including attorney's fees and expenses for litigation and settlement), which may be brought against any one or more of them by anyone claiming to have suffered loss or damage as a result of Competitor's or Producer's participation in the Project. The provisions of this Paragraph shall survive the expiration or termination of the Agreement.

5.7 Limitation of Liability

The Competitor or Producer agrees that: (1) any and all disputes, claims, and causes of action arising out of or in connection with the Project, including without limitation concerning any payments of funds pursuant to this Agreement, shall be resolved individually without resort to any form of class action; (2) liability of the Project Manager and any of the entities associated with AgResults and their personnel, individually or collectively, for any claims, actions, damages, liabilities, costs, expenses or losses in any way arising out of or in relation to the Project shall in no event exceed in aggregate USD \$10,000 (ten thousand U.S. dollars); and (3) in no event shall either party or its personnel be liable for indirect, punitive, incidental, special, exemplary or consequential damages (including, without limitation, lost profits and opportunity costs). The provisions of this Paragraph shall apply regardless of the form of action, damage, claim, liability, cost, expense, or loss, whether in contract, statute, tort (including without limitation, negligence), or otherwise. The provisions of this Paragraph shall survive the expiration or termination of the Agreement.

5.8 Construction and Governing Law

All issues and questions concerning the construction, validity, interpretation, and enforceability of these terms shall be governed by and construed in accordance with the laws of the United Republic laws of Tanzania (without giving effect to the choice of law principles thereof). The invalidity or unenforceability of any provision of this Agreement shall not affect the validity or enforceability of any other provision. In the event that any provision is determined to be invalid or otherwise unenforceable or illegal, the terms and conditions shall otherwise remain in effect and be construed in accordance with their terms, and the unenforceable provision shall be deemed modified to the extent necessary to render it enforceable, preserving to the fullest extent permissible the intent of the original provision set forth in the Agreement. The provisions of this Paragraph shall survive the expiration or termination of the Agreement.

5.9 Dispute Resolution and Waiver of Jury Trial

Any dispute between the Competitor and the Project Manager or the Producer and the Project Manager relating to the interpretation or application of the Agreement, the competition terms, or otherwise in connection with the Project, unless amicably settled through the informal dispute mechanism, shall be finally settled by a binding arbitration. The arbitration shall be conducted in accordance with the modalities to be agreed upon by the parties to the dispute, or in the absence of such agreement, in accordance with the Arbitration Act, Cap.15 of the Laws of Tanzania R.E 2006. The arbitration shall take place in location(s) agreed-upon by the parties. The arbitrator(s) shall have no power to award damages inconsistent with this Agreement, including the limitation on liability provisions contained herein. All aspects of the arbitration shall be treated as confidential. Each party shall bear its own costs of the arbitration; however, the parties shall share the fees and expenses of the arbitrators equally. The parties shall accept the arbitral award as final and binding. The provisions of this Paragraph shall survive the expiration or termination of the Agreement.

Each of the parties hereby irrevocably waives, to the fullest extent permitted by law, all right to trial by jury in any action, proceeding or counterclaim (whether in contract, statute, tort (including, without limitation, negligence, or otherwise) relating to the Agreement.

5.10 Agreement to Official Competition Documents

By applying to enter the Competition, the Applicant confirms and declares to have read, understood, and agreed to the terms and conditions of these official Competition Documents. Upon receiving confirmation as a verified and approved Competitor or Producer and by participating in the Competition, each Competitor and Producer acknowledges and agrees that the decisions of the Project Manager are final in all respects as relates to the relationship between the Competitor and the Project Manager or the Producer and the Project Manager and that all Competition Documents have been read, understood, and will be willingly executed.

5.11 Termination

Either party may terminate the Agreement, with or without cause, by giving ten (10) days' prior written notice to the other party. In the event of a termination for cause, the breaching party shall have the right to cure the breach within the notice period. The Project Manager may terminate the Agreement immediately upon written notice to the Competitor or Producer if the Project Manager determines that the Competitor or Producer has engaged in corrupt, fraudulent, collusive, or coercive practices in the performance of the Agreement, or if the performance of the Agreement would be in conflict with law, or independence or professional rules.

5.12 Use of Name

Each Competitor and Producer consents to the unlimited use by the Secretariat and the Project Manager, in connection with the Project, of Competitor's or Producer's name, information about the Competitor's or Producer's competition results, and any related images, including in any media or format now known or hereafter invented, in any and all locations worldwide, without any payment to or further approval from the Competitor or Producer. Each Competitor and Producer hereby grants to the Secretariat and the Project Manager the right to include Competitor's and Producer's company name or trade name and general information about the Competitor's and Producer's company on the AgResults website and in materials related to the Project's analysis and promotion. Each Competitor and Producer agree that this consent is perpetual and cannot be revoked. Other than these uses, each Competitor and Producer is not granting Secretariat or the Project Manager any rights to its trademarks.

5.13 Reservations of Rights

The Project Manager reserves the right to correct clerical or typographical errors in any AgResults materials, including the Project terms. The Project Manager also reserves the right to unilaterally and without liability to Competitors or Producers amend the terms of the competition during the Agreement period. The Project Manager would not issue such amendments lightly and only if it believes that it is necessary or helpful, for example, in order to clarify any terms or to accomplish the Project's objective. Competitors and Producers should note that any amendments of the Project rules and payment amounts would be only made based on specific direction from the AgResults Steering Committee and subject to approval by the majority of the Steering Committee's voting members.

By continuing its participation in the Agreement after ten (10) business days following the issuance of the amendment, the Competitor or Producer will be deemed to have accepted any such amendment. If the Competitor or Producer does not wish to continue to participate in the Agreement pursuant to the terms, as amended, such Competitor or Producer may terminate its participation by giving a written notice to the Project Manager at AgResultsTanzania@gmail.com. This is the Competitor's and Producer's sole right and remedy.

The Project Manager reserves the right to cancel or suspend unilaterally the Agreement upon written notice to Competitor or Producer, without any liability, should any causes beyond the reasonable control of the Project Manager delay or adversely affect the administration, management or proper completion of the Project.

The Project Manager reserves the right to terminate participation of, and to disqualify from any prize payment eligibility, the Competitor or Producer if the Project Manager concludes, upon consultation with the Secretariat, that the Competitor's or Producer's activity or conduct, including any alleged corrupt, fraudulent or obstructive practice or similar misconduct, may adversely affect the integrity of the Project, or the name or reputation of the other Competitors or Producers, the Project Manager, and/or other AgResults entities.

If the Project Manager determines, in consultation with the Secretariat, that the Competitor or Producer uses any unfair, manipulative, fraudulent, deceptive, dishonest or otherwise unacceptable practices, that are, in the Project Manager's opinion, contrary to or not compliant with the Project objectives, the Project Manager may disqualify and terminate the Agreement with such Competitor or Producer. In the event of fraud or other illegal practice, the Project Manager may also alert appropriate authorities as appropriate. The AgResults Project Manager will endeavour to discuss with the Competitor or Producer any concerns about any questionable practices and, to the extent legally possible and practical, resolve any issues with the Competitor or Producer before its disqualification and termination of the Agreement. Competitors and Producers are encouraged to report any unacceptable practices they learn of to info@agresults.org.

5.14 Authority and Consent

By applying to enter the Project and by participating in the Project, the Competitor or Producer confirms that it has all requisite power and authority to execute and deliver the documents required for entry into the Project as well as the performance of the obligations in the Project (henceforth referred to as "Project Documents"). The Competitor or Producer further confirms that by way of such submission and/or participation, all relevant licenses, or consents from or with any Governmental Authority or any other person required in connection with the valid execution, delivery, and performance of the Project Documents have been duly obtained or completed (as applicable) and are in full force and effect.

6. Application Instructions and Evaluation

6.1 Application Instructions for Competitors and Producers

Interested organizations must complete and submit an Application using the template in Annex 1 in the Request for Application, as well as the Anti-Corruption Compliance Certification in Annex 2. Organizations submitting the applications in association with others must (i) specify the lead organization of the association that will be representing the association with respect to the application process and will become the contracting party to the Competitor Agreement, if the association is selected, and (ii) submit the relevant documents as specified further below.

Input Bundle Competition

The deadline for submission of the application documents for the input bundle competition is **17.00 hour on February 28, 2023**. Applications received after the deadline may be disqualified. The application must be submitted via email to this address: AgResultsTanzania@gmail.com

Please indicate “**Competitor RFA-AgResults Tanzania Dairy Productivity Project**” in the subject line of the email and on the label of a sealed envelope.

Application documents should be submitted in one email to AgResultsTanzania@gmail.com, and/or hard copy with full signatures should also be submitted by postal mail to:

**Land O' Lakes Venture 37
P.O Box 10517
Veterinary Complex
131 Nelson Mandela Road
Dar es Salaam**

Questions concerning the Project or this RFA may be submitted the Project Manager Team Lead at Neema Mrema at NMrema@landolakes.com.

Applications will be reviewed by the Review Panel that include the Secretariat, the Project Manager, and the Technical Advisory Committee. The Review Panel reserves the right to request additional information from applicants as necessary to make an informed final decision.

The Review Panel will review and is expected to make selection decisions by March 15th, 2023. The Project Manager expects to inform the selected Competitors by March 31st, 2023.

The Project Manager expects to sign the Project Agreements with selected Competitors by April 5th, 2023.

Selected Competitors will start the first sales period on June 1st, 2023.

To be accepted for evaluation, applications shall include:

- A fully completed **Application** as provided in Annex 1.1 or 3 of this RFA.
- For applicants submitting the **application in association with others**, copies of agreements (JV, association, partnership, etc.) between the lead applicant and any co-applicants to act together as Competitor for the AgResults Tanzania Dairy Productivity Project, including power of attorney confirming that the lead applicant has the authority to represent the association in the application process and to sign the Competitor Agreement on behalf of the association.
- A completed **Anticorruption Compliance Certification** as provided in Annex 2 of this RFA.
- Provide any additional documentation deemed necessary

Fodder Incentive

The deadline for submission of the application documents for the fodder incentive is **17.00 hour on February 3, 2023**. Applications received after the deadline may be disqualified. The application must be submitted via email to this address: AgResultsTanzania@gmail.com

Please indicate “**Producer RFA-AgResults Tanzania Dairy Productivity Project**” in the subject line of the email and on the label of a sealed envelope.

Application documents should be submitted in one email to AgResultsTanzania@gmail.com, and/or hard copy with full signatures should also be submitted by postal mail to:

**Land O’ Lakes Venture 37
P.O Box 10517
Veterinary Complex
131 Nelson Mandela Road
Dar es Salaam**

Questions concerning the Project or this RFA may be submitted the Project Manager Team Lead at Neema Mrema at NMrema@landolakes.com.

Applications will be reviewed by the Review Panel that include the Secretariat, the Project Manager, and the Technical Advisory Committee. The Review Panel reserves the right to request additional information from applicants as necessary to make an informed final decision.

The Review Panel will review and is expected to make selection decisions by February 17th, 2023. The Project Manager expects to inform the selected Producers by February 17st, 2023.

The Project Manager expects to sign the Project Agreements with selected Producers by February 22th, 2023.

Selected Producers will start the sales period on June 1st, 2023.

To be accepted for evaluation, applications shall include:

- A fully completed **Application** as provided in Annex 1.2 of this RFA.
- For applicants submitting the **application in association with others**, copies of agreements (JV, association, partnership, etc.) between the lead applicant and any co-applicants to act together as Producer for the AgResults Tanzania Dairy Productivity Project, including power of attorney confirming that the lead applicant has the authority to represent the association in the application process and to sign the Competitor Agreement on behalf of the association.
- A completed **Anticorruption Compliance Certification** as provided in Annex 2 of this RFA.
- Provide any additional documentation deemed necessary

6.2 Application Scoring for Competitors

Once an applicant’s eligibility is established according to the eligibility criteria set forth above, scoring will be performed using an adjectival scale ranging from excellent, very good, good, fair, and poor. Applications will be evaluated based on the following criteria, in order of importance from most to least important:

- Demonstration of the government compliance with doing dairy input business in Tanzania as well as project areas.
- Demonstration of the ability to sell government approved dairy productivity- input bundles to SHFs.
- Demonstration of the ability to provide advisory services to the sold input to SHFs.

- Demonstration of the ability to reach more smallholder dairy farmers including women and those residing in remote areas.
- Organization's demonstrated past performance, commercial viability, financial capacity to pre-finance costs of delivery of dairy productivity input bundles and advisory services.

III. Application Narrative

Please respond to the following (maximum 400 words total for this section):

- (1) The lead applicant's organizational history, size, core business, key products/services, and development strategy.
- (2) Current existing issues with input distribution practices (if any).
- (3) Summary of proposed inputs and how it meets AgResults Tanzania Dairy Productivity Project requirements to increase the sales and adoption of productivity increasing input among smallholder farmers in the Coastal Region of Tanzania.

IV. Project Description

Please provide complete responses for the following questions:

Expression of Interest – What motivates you to participate in this competition (2 paragraphs)

Organization/Company Details:

Establishment date:

Country:

Status:

Company Size

Number and type of employees (management, administrative, technical, marketing, casual and short term):

Current geographical coverage area:

Annual sales in most recent sales period:

Years doing business in the area for which you are applying to enter this competition.

In the most recent sales year, what is the amount/type of inputs sold to dairy farmers? In the area of service indicate whether you provide extension services and frequency.

In the most recent sales year, what is the estimated value of the sold inputs?

What is your business's/organization's experience in terms of geographical reach, customers, volumes, and values of inputs sold within the proposed application area?

Who are your current primary customers and what is your distribution channel?

Dairy Cattle Input Information:

List the type/types of input you would like to enter in the AgResults Tanzania Dairy Productivity Challenge, use the table below: *(You may increase the number of rows in the table below in case you have more inputs to add. Please reference the to link provided in the RFA for eligible inputs. Additional input can be added throughout competition implementation, subject to the TAC's approval.)*

Input	Sales Period June 2023 – February 2024	
Parasite Control	Type	Amount anticipated to be sold
Vaccine	Sales Period June 2023– February 2024	
	Type	Amount anticipated to be sold

Nutrition	Sales Period June 2023– February 2024	
	Type	Amount anticipated to be sold
AI	Sales Period June 2023 – February 2024	
	Type	Amount anticipated to be sold

Advisory Services:

Explain the Advisory Services your company/organization plans to provide to complement the inputs you would like to provide listed in question 3.

Please explain the frequency of these advisory services and how SHFs will benefit from them.

Certification

Is your premise registered with Veterinary council of Tanzania?

Are your Technical personnel registered as Professional service providers with the Veterinary council of Tanzania?

Project Related Questions:

Is your company receiving assistance/grants/other financing from any other donor programs or projects in support of your activities: if yes provide information on the assistance type, and donor/funder? Explain fully the nature of the assistance.

Indicate how your company/organization plans to increase and expand sales of input and advisory services over the next 4 years.

Indicate how many farmers you intend to sell inputs to and provide advisory services during this sales period.

Indicate how your company will sell input and provide advisory services to SHFs including women and those residing in remote areas by providing a **gender outreach/inclusion plan** with your application. The plan should clearly indicate how women participating in dairy business will be engaged.

Additional Information

(provide any additional information or comments you would like AgResults project to consider)

Application Submission

By signing and submitting the application, you certify that all responses and information provided in the application form are true and accurate and that you understand and accept all components of this Request for Applications (RFA), including Annex 1 – 2.

By submitting the application for the Project, you also agree to be bound by the decisions of AgResults about your eligibility to participate. AgResults reserves the right to select the organizations it determines, at its discretion, most appropriate for the Project. The AgResults Project Manager and Secretariat, with the input from the Advisory Council, will review your application and will notify you in writing if your application is approved and you are selected to participate in the Project. You understand and agree that all costs and time incurred by the applicant in connection with the application process will be the borne by your organization and are not reimbursable by AgResults.

Please respond to the following (maximum 400 words total for this section):

- (1) The applicant's organizational history, size, core business, key products/services, and development strategy.
- (2) Current existing issues with fodder production (if any).
- (3) Summary of proposed fodder production, sales, storage, and transportation and how this meets the Project's requirements to increase the availability of fodder for SHFs and Competitors in the Coastal Region of Tanzania.
- (4) Describe how your current fodder infrastructure, including but not limited to machinery, land, and storage, will be utilized to support your proposed production plan.

IV. Project Description

Please provide complete responses for the following questions:

Expression of Interest – What is your business model for participation (2 paragraphs)

Organization/Company Details:

Establishment date:

Country:

Status:

Organization/Company Size

Number and type of employees (management, administrative, technical, marketing, casual and short term):

Current geographical coverage area:

Annual sales in most recent sales period if available:

Years doing business in the area for which you are applying to enter this Project, if applicable:

In the most recent sales year, what is the amount/type of fodder sold to dairy farmers or other purchasers?

In the most recent sales year, what is the estimated value of the sold fodder?

What is your business's/organization's experience in terms of geographical reach, customers, volumes, and values of fodder sold within the proposed application area? If this is a new venture, please expand upon how you will reach the appropriate geographies, build a customer base, and produce and sell the required volumes of fodder within the proposed area.

Who are your current primary customers and what is your distribution channel?

Fodder Information:

List the type/types of fodder you would like to enter in the AgResults Tanzania Dairy Productivity Challenge, use the table below:

Sales Period June 2023 – February 2024	
Fodder Type	Amount anticipated to be sold

Project Related Questions:

Is your company receiving assistance/grants/other financing from any other donor programs or projects in support of your activities: if yes provide information on the assistance type, and donor/funder? Explain fully the nature of the assistance.

Indicate how your company/organization plans to increase and expand production and sale of fodder over the 9-month sales period.

Indicate how many farmers and competitors you intend to fodder to during the sales period.

Additional Information

(provide any additional information or comments you would like AgResults project to consider)

Application Submission

By signing and submitting the application, you certify that all responses and information provided in the application form are true and accurate and that you understand and accept all components of this Request for Applications (RFA), including Annex 1 – 2.

By submitting the application for the Project, you also agree to be bound by the decisions of AgResults about your eligibility to participate. AgResults reserves the right to select the organizations it determines, at its discretion, most appropriate for the Project. The AgResults Project Manager and Secretariat, with the input from the Advisory Council, will review your application and will notify you in writing if your application is approved and you are selected to participate in the Project. You understand and agree that all costs and time incurred by the applicant in connection with the application process will be the borne by your organization and are not reimbursable by AgResults.

Name of the Organization _____

Name of Authorized Representative: _____

Signature of Authorized Representative: _____

Date: _____

AgResults Internal admin		
<i>Received date</i>	<i>Received by</i>	<i>Application code</i>
<i>Recommendation</i>		

Attachment 1: Copies of partnership agreement between lead and co-applicants

Attachment 2: Anticorruption Compliance Certification

Annex 2: Anticorruption Compliance Certification

AgResults requires full compliance by any recipient of AgResults funds with the U. S. Foreign Corrupt Practices Act (15 U.S.C. Section 78dd-1, et. seq.) as amended (“FCPA”), and all other applicable anticorruption laws, rules, and regulations.

The anti-bribery provisions of the FCPA make it illegal to offer, promise, authorize, or provide anything of value, either directly or indirectly (e.g., through third parties), to a Foreign Official (as defined below) for the corrupt purpose of (1) influencing an official act or decision; (2) inducing the Foreign Official to do or omit to do anything in violation of his lawful duty; or (3) securing an improper advantage; in each case in order to assist in obtaining, retaining, or directing business to anyone.

Under the FCPA, a Foreign Official includes not only a person who performs traditional governmental or administrative functions, but also any member of a royal family or an employee of an entity in which a governmental body has an ownership interest (even a minority interest). Such employee could still qualify as a Foreign Official even if he or she performs business-related functions as an employee of such entity engaged in commercial, rather than governmental, activities.

To facilitate the Applicant’s understanding and compliance with obligations set forth in this clause, ‘Foreign Official’ is hereby defined for the purposes of this clause to include:

- Any officer or employee of a non-U.S. government (including any non-U.S. military personnel) or any of its departments or agencies or incorporated entities (including state-owned enterprises).
- Any director, officer, or employee of any legal entity or joint venture that is controlled or significantly owned by a non-U.S. government (including any non-U.S. military personnel) or any of its departments or agencies or incorporated entities (including state-owned enterprises);
- Any officer or employee of any public international organization (e.g., the United Nations or World Bank).
- Any person that represents or acts on behalf of, or in an official capacity for, any non-U.S. government or any of its departments or agencies or incorporated entities (including state-owned enterprises), even if honorary.
- Any non-U.S. political party or party official or candidate for non-U.S. political office.
- Any member of a royal family; and
- Any member of a non-U.S. legislative body.

The Applicant understands that prohibited payments or offerings under the FCPA need not take the form of cash or cash equivalents. For the purposes of this clause, and in line with the FCPA, the reference to ‘anything of value’ is construed broadly and covers any tangible benefit of any kind, including, without limitation, cash or cash equivalents, gifts (including, but not limited to, gifts or courtesies of local custom, wedding and personal gifts, jewelry), political contributions, donations to charities at the behest of a Foreign Official or his/her family, entertainment (including, but not limited to, meals and tickets to events), travel and travel-related expenses, hospitalities (including, but not limited to, accommodation), ownership rights in joint ventures or other entities, inflated or excessive contract prices, loans and employment (whether long-term or temporary). Even if any payments or gifts are a customary part of the culture of a particular country, they may be prohibited under the FCPA. In addition, providing or offering

gifts, payments, or other benefits to another person for an improper or corrupt purpose may violate not only the FCPA but also other similar anti-bribery laws and regulations.

Moreover, certain laws and regulations, that may be also applicable in connection to the Applicant's activities, prohibit bribes or kickbacks in the private sector and regulate, among other things, whether gifts, entertainment or employment may be provided to U.S. government officials. The Applicant shall comply with all such applicable laws and regulations.

Therefore, in connection with the participation in the *AgResults Tanzania Dairy Productivity Project*, the Applicant shall not cause the Project Manager and all other entities associated with the AgResults Initiative to be in violation of the FCPA or any other applicable anticorruption laws or regulations. The Applicant must refrain from either directly or through others, making or offering to make bribes, kickbacks or other corrupt payments or provide anything value to a Foreign Official or anyone else for purposes of influencing them to benefit the Project Manager or any other entities associated with AgResults Initiatives, the Applicant, or any other party.

The Applicant shall notify the Secretariat immediately if it learns of any violations of the FCPA or any other anticorruption laws in connection with the Applicant's involvement in the *AgResults Tanzania Dairy Productivity Project*. Notifications can be made to AgResults Secretariat through email: info@agresults.org or by contacting Justin Kosoris, AgResults Secretariat Project Manager, at +1.703.253.2548. Notifications can be also made anonymously through the website www.integrityhelp.com, or by calling +1 866 850 1485 (within the U.S.) or +1 503 748 0570 (outside the U.S.).

Compliance Certification

By my signature, I certify as the Applicant, or as an authorized representative of the Applicant, that the Applicant has complied with and will comply with the U. S. Foreign Corrupt Practices Act (15 U.S.C. Section 78dd-1, et. seq.) as amended ("FCPA"), and all other applicable anticorruption laws, rules, and regulations.
